

Automobile Waste

Automotive wastes can be very harmful to the environment when improperly disposed. Illegal dumping leads to contamination of our drinking water supply. There are several options locally for safe and legal disposal of various automotive wastes. These locations are identified below with accepted wastes listed for each.

A = Antifreeze F = Oil Filters R = Radiators
B = Car Batteries O = Used Oil T = Tires

TF = Transmission Fluid

If you’re not **REBUYING**

You’re not **RECYCLING**

Recycling is a **THREE-STEP**

process.

1. **Collect** your recyclables and take them to the nearest collection facility or put them out for curbside collection. Processors clean and prepare the recycled material for use by manufacturers.
2. Manufacturers make **new products** from the collected materials.
3. Consumers **purchase** recycled content products and, if suitable, put them back into recycling collection programs

Don’t let a good thing go to waste
CLOSE THE LOOP! BUY RECYCLED.

Brazos Valley Recycling

www.brazosvalleyrecycling.com

Reduce, Reuse, Recycle

Instead of throwing away items we no longer need, we can make sure they find their way to the next stage in their life cycle. At home, at school, at the office, or anywhere, we can REDUCE the amount of waste we produce; REUSE an item or find someone who can use it; or RECYCLE products, so that our valuable natural resources are used again and again.

REUSE—Donate Used Items

Donations of clothing, furniture, and varying household items are accepted at several local facilities. Household items could include, but are not limited to, books, magazines, tools, toys, sports equipment, computers, copiers, printers, typewriters, records, cassettes, CD’s, VHS tapes, or DVDs. Food donations are even accepted at some locations. Check out your local listings for resale and donation shops located around town, make sure to call ahead to see if they accept what you would like to donate!

City of College Station
Bulk Item Collection

College Station provides weekly bulky item pick up. Bulky items include items too large to fit in your garbage cart such as kitchen appliances, furniture, and flattened cardboard. ALL REFRIGERATORS, FREEZERS, & AIR CONDITIONERS MUST HAVE FREON EXTRACTED BY LICENSED HVAC PROFESSIONAL PRIOR TO PICKUP. Place bulky items within 3 ft of the curb in a location easily accessible to the collection vehicle and separated from brush piles or recycling bags.

Bag & Tie
TRASH won’t Fly

Automated Garbage Collection is provided once a week for College Station Residential Homes. Each residence is provided an automated garbage cart that should be rolled to the edge of the curb by 8 a.m. on their scheduled day. All garbage placed in the cart MUST BE BAGGED. College Station City Ordinance requires carts to be removed from the curb within 12 hours of collection.

Leave it Lawn!

College Station supports the Don’t Bag It! Lawn care program by encouraging citizens to leave grass clippings on the lawn.
